

Science & Engineering Professionals

Volunteers Needed to Help Students with Science Projects

Mentors advise 7th – 11th grade students as they plan & design their projects at a local school, and help them prepare for school & regional science fairs.

We invite you to join with us in the rewarding task of inspiring young minds!

Come learn more at our:

Next Training for New Mentors

**Tuesday, September 30, 2014
12:00 – 1:00 PM**

Training Room 1 - First Floor Cal EPA Building (1001 I street)

We will also have a conference line and webinar link available for those who want to participate offsite

Ways to Participate in the Science Project Mentoring Program

- **Volunteer as a Science Project Mentor** - Spend time with a student helping them plan & design their science or engineering projects.
(Short-term commitments such as a one-time mentoring session, are OK!)
- **Volunteer as a Science/Engineering Fair Judge**
The school's High School Science Fair will be on December 10, 2014.
- **Volunteer as a Career Day Speaker**
There are many dates available.

If interested, please contact Patrick Wong at 916-323-1505 (pat.wong@arb.ca.gov) for additional information
