Outstanding High School Chemistry Teacher Award Nomination Form

Deadline: Thursday, March 31, 2022

Purpose: The **Outstanding High School Chemistry Teacher Award** is presented annually to a high school chemistry teacher who has demonstrated an excellent ability to teach and inspire students to pursue careers in science within the Sacramento Section (region shown in the map below) of the American Chemical Society (ACS). The Sacramento Section of the ACS will present the winner with a certificate and a check for \$500. In addition, the winner's school will receive a check for \$500 for chemistry supplies.

Deadline: Nominations must be received by Thursday, March 31, 2022.

- The completed nomination form along with any additional materials should be sent via email to Veronica Wheaton (veronicawheaton@comcast.net) by the deadline.
- Any questions should also be emailed to Veronica.
- The nomination forms are kept for three years.
